

Creating special places

For over 50 years now, Lend Lease has been creating communities that define the way Australians like to live. Truly beautiful places planned to maximise the things we love about our unique way of life.

Places that are designed for the way we live today, yet ever mindful of our responsibilities for how we will live tomorrow; with real opportunities in housing choice, education, work and healthy recreation built in from the very beginning.

Special Places, Lend Lease have created in Queensland include Forest Lake, Twin Waters, Varsity Lakes which are considered iconic places as they are linked by an extensive network of pedestrian and cycle paths, which are integrated into the large open space network.

We believe everyone who comes and experiences our places should feel safe within a welcoming community that will grow and prosper into the future.

We lead by example. Across the country, communities that we are responsible for continue to flourish, nurturing the very essence of what we believe for generations to come. These are the places that make us proud.

Disclaimer: We have taken care to ensure that these plans have been prepared from all currently available information. However, allotment dimensions, easements and public utility service infrastructure locations could change before final approval is given by the Local and State Government authorities. The purchaser should therefore make his or her own enquiries before entering into any contract. The measurements of each block indicate block boundary lengths and widths and are rounded down to the nearest tenth of a metre. September 2014.

Streets names subject to Ipswich City Council approval.
